

Restoring Hope. Transforming Lives. Impacting Change.

## **JOB 0001**

The **Chief Financial Officer** for Nurses for the Nations is the top financial position in the organization and is open to a candidate, recent student graduate from a business program or an individual who would like to gain valuable experience utilizing their degree in Finance (MBA) or another financial degree by gaining valuable experience with international and national finance and global networking. This position is presently pro-bono with potential for future monetary compensation. The individual would be required to be present once a month for Board of Director meetings, work closely with Nurses for the Nations National and International networks, and help develop micro-finance programs in countries and regions of the world Nurses for the Nations serves. This position is an exciting opportunity to globally network in developing countries and be part of a dynamic team that wants to impact the world and make a difference. Volunteer hours would be variable and reasonably match the candidate's family, work and service commitments.

### **Responsibilities include:**

Oversees Nurses for the Nations non profit financial activities and records: including donations, strategic budget preparation, financial reports, and audit functions.

Directs financial strategy, plans and forecasts the financial vision and mission of the organization; confers with the President, CPA and fraud examiner, Board of Directors, Advisors and legal representatives of Nurses for the Nations.

Supervises grant awards and investments from gifts and donations which benefit Nurses for the Nations international and national programs and microfinance potential.

Studies, analyzes and reports trends, opportunities and development for international expansion programs that benefit the poor with economic programs. Provides projections for Nurses for the Nations future growth with microfinance in developing countries.

- Masters degree in Finance or Business. Prefer an MBA.
- Experience with current financial and accounting databases, spreadsheets, governmental reporting and computer applications.
- Excellent verbal, analytical, organizational and written skills.

**Nurses for the Nations is a 501 (c) 3** non profit charitable organization serving international and national poor regions of the world. We establish collaborative partnerships with host countries and people, offering specialized evidenced-based programs that elevate quality of life and help resolve global issues which impact the poor.

If you are interested in this dynamic opportunity to add to your repertoire of national and international finance experience, please contact:
